

SUGGESTED PLANTS FOR WHITTIER

DROUGHT-TOLERANT TREES:

Acacia baileyana
Agonis flexuosa
Albizia julibrissin
Arbutus unedo
Brachychiton acerifolius
Callistemon citrinus, viminalis
Cedrus atlantica glauca, deodora
Cercis occidentalis
Dodonea viscosa
Geijera parviflora
Ginkgo biloba
Heteromeles arbutifolia
Koelreuteria bipinnata, paniculata
Lagerstroemia indica
Melaleuca spp.
Olea europaea
Parkinsonia aculeata
Pinus spp.
Pistacia chinensis
Pittosporum spp.
Platanus acerifolia, racemosa
Prunus caroliniana, ilicifolia
Punica granatum
Quercus spp.
Rhus lancea
Robinia spp.
Schinus molle
Thevetia peruviana
Tristania conferta
Zelkova serrata

DROUGHT-TOLERANT SHRUBS AND VINES:

Arctostaphylos spp.
Bougainvillea spp.
Caesalpinia gilliesii
Calliandra spp.
Cassia artemisioides
Ceanothus concha, 'Joyce Coulter', griseus horizontalis,
'Sierra Blue'
Cistus corbariensis, ladanifer, purpureus
Convolvulus cneorum
Cotoneaster spp.
Elaeagnus pungens
Dodonea viscosa
Encelia farinosa
Escallonia fradesii
Feijoa sellowiana
Garrya elliptica
Helianthemum nummularium
Hypericum spp.
Juniperus spp.
Lantana camara
Lavandula spp.
Leptospermum spp.
Leucophyllum frutescens
Mahonia aquifolium
Nandina domestica
Nerium oleander
Photinia fraserii
Pittosporum spp.
Plumbago auriculata
Punica granatum
Raphiolepis indica
Ribes spp.
Romneya coulteri
Salvia greggii, leucantha

Solanum jasminoides
Tecomaria capensis
Wisteria sinensis
Xylosma congestum

DROUGHT-TOLERANT GROUNDCOVERS AND ACCENT PLANTS:

Acacia redolens
Agapanthus africanus
Atriplex semibaccata
Baccharis pilularis
Centranthus ruber
Coprosma kirkii
Coreopsis spp.
Eschscholzia californica
Festuca ovina glauca
Gaillardia grandiflora
Gazania spp.
Iris douglasiana
Juniperus spp.
Kniphofia uvaria
Lampranthus spp. and other ice plants
Lantana montevidensis
Limonium perezii
Lobularia maritima
Mahonia repens
Myoporum parvifolium
Pennisetum setaceum
Penstemon gloxinoides
Ribes viburnifolium
Rosmarinus officinalis
Rudbeckia hirta
Santolina chamaecyparissus, virens
Sedum spp.
Senecio cineraria
Solanum jasminoides
Tulbaghia violacea
Verbena peruviana

MODERATE WATER-USAGE TREES:

Bauhinia variegata
Calodendrum capense
Cinnamomum camphora
Chionanthus retusus
Ginkgo biloba
Hymenosporum flavum
Jacaranda acutifolia
Magnolia grandiflora
Liquidambar styraciflua
Podocarpus spp.
Sapium sebiferum
Sequoia sempervirens
Sophora japonica
Tabebuia chrysotricha, ipe

MODERATE WATER-USAGE SHRUBS AND VINES:

Abelia grandiflora
Berberis thunbergii atropurpurea
Buxus spp.
Carissa grandiflora
Coleonema alba, pulchra
Euryops pectinatus
Ficus pumila
Gamolepis chrysanthemoides
Gelsemium sempervirens
Hardenbergia violacea
Ilex spp.

Macfedyena unguis-cati
Nandina domestica
Ochna serrulata
Osmanthus fragrans
Rosa spp.
Sarcococca ruscifolia
Spiraea bumalda, vanhouttei

MODERATE WATER-USAGE GROUNDCOVERS AND ACCENT PLANTS:

Armeria maritima
Carissa grandiflora
Cerastium tomentosum
Fragaria chiloensis
Hedera spp.
Iberis sempervirens
Pachysandra terminalis
Potentilla verna
Thymus serpyllum
Trachelospermum jasminoides

NOTE: "spp." means many species may be available that are appropriate for the desired use.
