Subject: Keep the Promenade Open!!

As a resident of Whittier for over 20 years, I have spent many an evening in Uptown Whittier. COVID changed this for a while, and I was thrilled when businesses were able to set up on the street on Greenleaf to allow for outdoor dining.

Please make this permanent! It helps businesses to thrive (which is great for our City!) and keeps the hometown feel of Uptown Whittier that we know and love. Please do not end it at the end of October!!

Thank you,
Melissa Fierro
