Hello!

I am a constituent of Whittier, have been for 30 years. The promenade has been an amazing transformation of space. Before greenleaf was just used as a street to go through and some people would go to show off cars but it wasn't quiet or very pedestrian friendly. I would love for it to be a permanent part of the community with more permanent structures to the greenleaf and bright streets of uptown. I understand that changes to the long term planning of the space may be required but I think it's for the better to build a better walkable area in uptown that's clean, well lit, dedicated to community building, and has ample investment in the area for place making.

Thank you,  
Melissa Guter
