Hello, members of the City Council,

As a member of this Whittier community,
I'm extremely concerned about the city council-approved measure to remove all of the trees along Greenleaf Ave. in Uptown from Hadley to Wardman Streets.

The current trees are an important part of the neighborhood.
I am very concerned that an Environmental assessment was done to determine the damage done by removing the shade, temperature control, and pollution/carbon exchange that will result from this action.

Those trees are a part of the history the ambiance and the culture of uptown Whittier. To remove them would be a tragedy.

--

best,

Sara Noelle Delgado
