Hello,

I am writing to urge you to reconsider and halt the planned action to remove the trees along Greenleaf avenue. As a relatively new resident to Whittier, the entire motive to my move here are the trees on Greenleaf Ave. It would be of great shame to remove these icon gorgeous trees. As a kid walking down Greenleaf Ave, under the shade and dense greenery, it brought me much peace and comfort to me. This very feeling to be among greenery as a kid became a personal dream/ goal to one day be a Whittier resident. The influence these trees on Greenleaf Ave have are further than what possibly could be imagined. These trees are a stunning feature that bring in new people to becoming residents to Whittier.

I think it would be a mistake to remove such an important part of Whittier's heart. More than that, a generation or more of whittier children and residents of all ages will miss out on the recognizable character and positive ambiance that these trees give to one of whittier's most beloved streets.

Please strongly reconsider the stop to this process.

Concerned resident,
Silvia Delgado
