I haven't followed this "issue" from the beginning...but I'm assuming the person that gave the idea either doesn't live here or is new to Whittier. When someone moves into a new house what is the first thing they do...cuttrees down. Why? The trees in uptown Whittier are a symbol of Whittier. Like our beautifully stylish houses in the historic areas. If those trees are cut no other tree will ever grow as big nor give as much shade as they do now. PLEASE DO NOT Please cut these trees down
