Hello Admin,

Would you please share this with the City Council. My husband and I own a home on Mills Ave, between Lambert Rd and Whittier Blvd. We heard the traffic commission (I think that's what it's called) agreed that the speed limit on Mills Ave should again be reduced to 35 mph. We are so grateful for this and hope the City Council votes in favor of this reduction. We have big rig trucks blazing down Mills Ave (it literally shakes the house like an earthquake! It's very scary.) There are other vehicles who drive so fast and aggressively on Mills Ave, a reduced speed would help so much! Our kids play on our corner and we do everything we can to keep them safe. Thank you for helping us.
