Dear, Whittier City Council Members, Please support ZERO STR's in all fire risk areas. We have previously discussed at council that there is a risk when unknown renters come and go, potentially smoking outside the rental, parties, drugs, and who knows what.

Now there is a push for STR's to be allowed on multi unit property where the owner is living on property. Why don't these owners have full time RENTERS rather than STR's. Then there would be stability on the property and a safer community. Their exemption request should be denied.

Thank you for your support in making Whittier a nice place to live. Mike and Nancy Meraz
