My name is Aida Macedo and I'm a resident of district 4. I want to voice my opinion about the moratorium for car washes being built in the city. I think it's too little too late and disingenuous since my representative and the rest of council has voted to approve them in the first place. While your focus is on car washes your focus should be on listening to what residents actually want in the city development that supports residents and families.

Whittier residents are smart and will not be fooled by you now backtracking on the overdevelopment of Whittier. Once elections are over I ask all of council to actually listen to residents and stop acting against the interest of residents.
